Sawgrass Mills Outdoor Rugs made with DuraCord®...Now Available in A Wide Variety of Colors and Exclusive Designs

Greenville, NC-- The reliable collection of the Sawgrass Mills Outdoor Rugs made with DuraCord® has just pushed the bar of excellence a bit higher. The new designs and colors of these award-winning hand-hooked rugs can attest to the claim to be nearly identical to cotton, yet still able to withstand unpredictable weather conditions and the harshest of stains.

The 2008 Collections include floral, border, traditional, and contemporary designs, all of which are made with the beautiful, rich colors of DuraCord® yarns. The 2008 collection of the Sawgrass Mills Outdoor Rugs made with DuraCord® are available to specialty retailers this fall and should prove to be the leading trend-setters for outdoor living accessories. The wide variety of designs makes it easy to match any desired outdoor motif.

The unique fabric of these rugs are virtually indistinguishable from cotton, allowing them to be comforting to bare feet, but still tough enough to tolerate the outdoors year round. Each collection is available in two sizes including 5' x 8', and 8' x 10'.

For more information on the Sawgrass Mills Outdoor Rugs made with DuraCord® from The HammockSource®, or other products from The HammockSource®, call 800-334-1078, or visit www.thehammocksource.com.
